

Errata to Topic Paper 6: Infrastructure Section 7 Healthcare requirements for the period 2008 - 2026 – 13 September 2011

Topic Paper 6: Infrastructure contains the following information about Hospital Beds:

Scheme	Promoter/ Delivery Body	Estimated cost (£m)	Funding sources	Critical to	Estimated delivery dates by
Summary of hospital bed requirements: <ul style="list-style-type: none"> • 10 Acute Beds • 9 Maternity Beds • 32 Mental Illness Beds • 3 Learning Disability beds • 23 Geriatric beds 	Strategic Health Authority	28	Health Authority	Across all growth locations	For the period 2008-2026

The source data for this table is table 7-24 on page 116 of the Infrastructure Needs and Funding Study (EDAW/ AECOM 2009). This table summarises healthcare facilities and costs found in table 7-22 on page 113. There is a typo in the number of Acute Beds required. The costs are the same but the number of acute beds should read as 134 beds for the period 2008-2031. For the period 2008-2026 (the Joint Core Strategy period) this equates to 120 beds.

The table above should be replaced with the below table

Scheme	Promoter/ Delivery Body	Estimated cost (£m)	Funding sources	Critical to	Estimated delivery dates by
Summary of hospital bed requirements: 120 Acute Beds <ul style="list-style-type: none"> • 9 Maternity Beds • 32 Mental Illness Beds • 3 Learning Disability beds • 23 Geriatric beds 	Strategic Health Authority	28	Health Authority	Across all growth locations	For the period 2008-2026

This error will be corrected in the next refresh of the Local Investment Plan and Programme.
