<b>Lingwood and Burlingham, Beighton and Strumpshaw</b>				
Land east of Buckenham Lane	GNL0296	3.60	Approx. 110 dwellings	This site is considered to be a reasonable alternative as it is well

Address	Site Reference	Area (ha)	Promoted for	Comments
and west of Buckenham Road				located in relation to the form and character of Lingwood with the possibility of vehicular access from Buckenham Road. There is an area of surface water flood risk to the south west of the site which may limit the developable area. The site is not preferred for allocation as there is considered to be a better site in Lingwood to meet the capacity of the cluster.
Land west of Blofield Road	GMLP0380	0.91	Approx. 30 dwellings	This site is considered to be a reasonable alternative as it would act as a gateway site into the village creating a sense of place although some mature trees may need to be removed to facilitate visibility in/out of the site. The site is not preferred for allocation as there is considered to be a better site in Lingwood to meet the capacity of the cluster.
