Subject: CIL draft charging schedules - consultation response

Dear Sir / Madam,

This Parish Council (in the Broadland District Council area) considered this consultation at a recent meeting and concluded that "any charge on developers would eventually be passed on to buyers, and this would drive up the price of housing. It was AGREED to respond that the rate proposed (£135-160 per m²) was too high."

It had no other comments to offer on the consultation.

Yours faithfully,

Roz Rose

Clerk to Spixworth Parish Council
